COVID-19 SUMMARY

Coronavirus Disease 2019 (COVID-19)

On 03/02/20 at 0700 hours, the Cal OES State Operations Center (SOC) activated in support of the California Department of Public Health (CDPH) Medical Health Coordination Center's (MHCC) statewide response to COVID-19. Cal OES will continue to provide resource coordination for the COVID-19 event, as well as situation status reporting and advance planning across multiple areas.

SMARTER Plan

On 02/17/22, Governor Newsom unveiled the "[California SMARTER Plan: The Next Phase of California's COVID-19 Response](#)". The plan emphasizes continued readiness, awareness and flexibility and helps ensure California can maintain its focus on communities that continue to be disproportionately impacted and stay prepared to swiftly and effectively respond to emerging COVID-19 variants and changing conditions.

CDPH Statewide Travel Advisory

- For more information: [CDC Travel Guidelines](#)

Confirmed California COVID-19 Cases - Per California Department of Public Health Tracking COVID-19 as of 05/11/22 at 1630 hours:

- 8,687,626 total confirmed cases.
 - 55,963 Delta
- 89,957 total deaths.
 - 263 Delta
- Please see the most recent "Situation Report - COVID-19" attachment for additional details.

| Risk Levels | Little to None | | Minor | Moderate | Major | | Extreme |

Weather Key Points

Regional Operations Center

Western Region

Monday, May 16

- The weather pattern will remain fairly stagnant across the state through late week, resulting in continued very warm temperatures for many inland locations
 - Daytime temperatures in the lower 90s will remain likely at times across the Central Valley and inland southern California, with readings exceeding 100 degrees over the southern deserts
 - Minor to moderate heat risk impacts will continue many afternoons through next weekend
- Several periods of breezy winds will also be seen across the state through late week, with gusts of 35 to locally 50 mph at times, mainly for areas of southern California
 - Thursday will feature the strongest winds for the majority of California
 - These winds, combined with ongoing dry conditions, will bring elevated fire weather conditions for the afternoon and early evening hours, particularly across southern California
- Outside of some light drizzle possible for coastal Del Norte and Humboldt Counties through mid-week, dry conditions are forecast for most of the state through next weekend

Precipitation Forecast

Regional Operations Center

Western Region

Monday, May 16

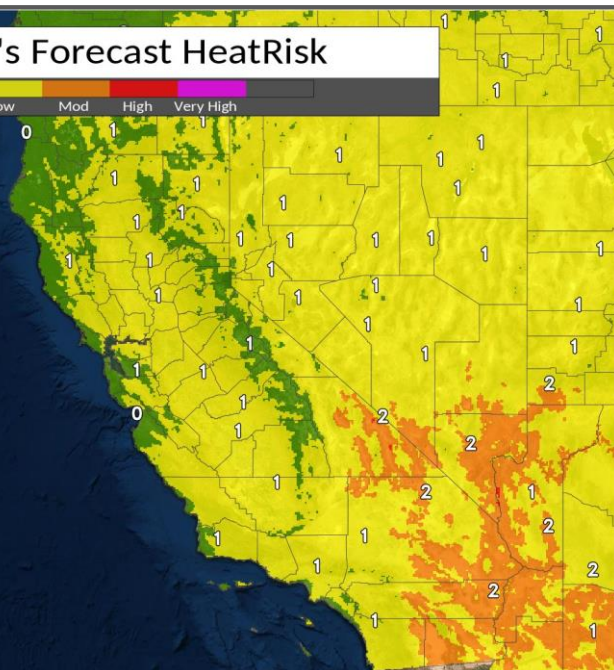

No significant precipitation is expected the next 3 days

Note: Forecast precipitation amounts are an average for any particular location. Thunderstorms may produce locally higher rainfall amounts.

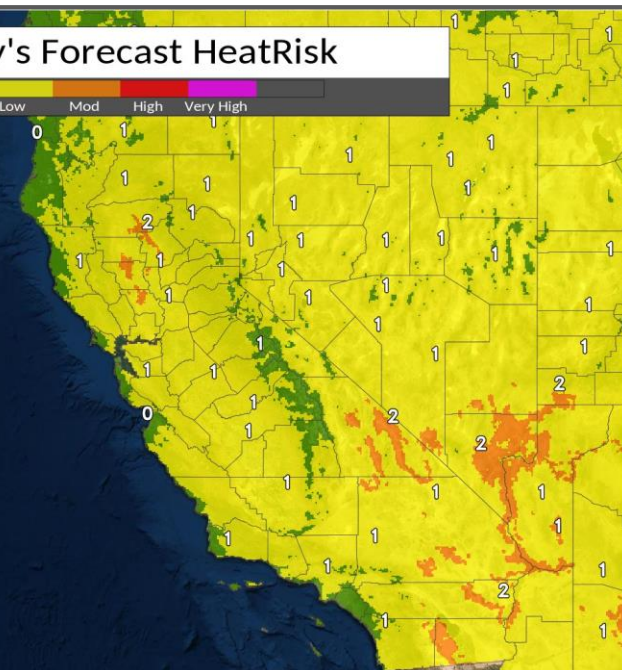

Precipitation (inches)

Monday's Forecast HeatRisk

Tuesday's Forecast HeatRisk

| | | |
|--------|---------|---|
| Green | Level 0 | No Elevated Risk |
| Yellow | Level 1 | Low Risk for those extremely sensitive to heat, especially those without effective cooling and/or adequate hydration |
| Orange | Level 2 | Moderate Risk for those who are sensitive to heat, especially those without effective cooling and/or adequate hydration |

| | | |
|---------|---------|---|
| Red | Level 3 | High Risk for much of the population, especially those who are heat sensitive and those without effective cooling and/or adequate hydration |
| Magenta | Level 4 | Very High Risk for the entire population due to long duration heat, with little to no relief overnight |

Weather Outlook (6-14Days)

Regional Operations Center

Western Region

Monday, May 16

6-10 Day Outlook (May 21 - May 25)

Temperatures

- Above normal temperatures are favored for much of the state, with near normal temperatures favored across northern California

Precipitation

- Below normal precipitation is favored for much of the state, with near normal precipitation favored across southern California

8-14 Day Outlook (May 23 – May 29)

Temperatures

- Above normal temperatures are favored for the majority of the state, with near normal temperatures favored across far northern California

Precipitation

- Below normal precipitation is again favored for most of the state

WEATHER MAP

-  Flood Warning
-  Fire Weather Watch
-  Red Flag Warning
-  Wind Advisory
-  High Wind Warning
-  Small Craft Advisory
-  Gale Warning

GOVERNOR'S OFFICE
OF EMERGENCY SERVICES

Cal OES LAW ENFORCEMENT MISSIONS

Cal OES Law Enforcement Missions

- **2022-LAW-78367 on 05/15/22 at 1025 hours:** the AFRCC notified the warning center that Kern County was requesting the VX-31 from China Lake to assist in a rescue of an injured hiker and a possible deceased hiker. I called AFRCC and they advised they had already lifted off and were in route to the incident. I called China Lake and received the coordinates of 36.500970 / -118.22651 which return to the area near Cottonwood lakes and Cottonwood Creek in Inyo County. I called Inyo County and they said they received a call from FocusPoint International that a hiker had slipped and fallen and succumbed to his injuries. California Highway Patrol air unit CHP80 was unavailable so they went direct to China Lake and made the request. Inyo County inserted a search team using the VX-31 and were able to locate the decedent and fly him out to the Lone Pine airport for the Sheriff-Coroner. **Mission closed**
- **2022-LAW-78355 on 05/15/22 at 1205 hours:** IERCC advised of an InReach activation at the listed coordinates, 34.522852 / 119.403019. These coordinates return to Matilija Canyon just north of the Murrieta Trail. The RO sent a message saying he felt he had heat exhaustion and an elevated heart rate. Ventura County was notified of the incident and launched one of their air units. The subject was located and airlifted out to an awaiting ambulance and was evaluated by medical staff. **Mission closed**
- **2022-LAW-78359 on 05/15/22 at 1330 hours:** IERCC advised of an InReach activation at the listed coordinates, 38°43'34.1"N 123°02'44.6"W. These coordinates return to a trail next to Lake Sonoma in Sonoma County. The RO was calling in for a third party, they located a person who was dizzy and unable to walk out. Sonoma County was notified of the incident and said they have received several calls for the subject and an air unit and ambulance were in route. The subject was located and medically evaluated by the ambulance crew. **Mission closed.**
- **2022-LAW-78367, on 05/15/22 at 1455 hours:** IRECC advised of an InReach activation at the listed coordinates, 35.871670, - 118.547201. These coordinates return to a large field just outside the area of Lone Pine in Inyo County. The emergency contact for the RO said her husband was riding his motorcycle from Death Valley to Bishop and he should be with several other riders. Inyo County was notified and checked the area of the activation and the town of Lone Pine, they were unable to locate the group. The RO made contact with IERCC and said the device was stolen from his motorcycle and he was no longer in possession. The Inyo County Deputy searched the field and located the device, it was deactivated and returned to the owner. **Mission closed**
- **2022-LAW-78369 on 05/15/22 at 1450 hours:** IERCC advised of an InReach activation at the listed coordinates, 34.357939, - 117.926302. These coordinates return to the PCT in Los Angeles County. The RO called in that they were with a juvenile and two adults, but the juvenile was dehydrated, fatigued and unable to walk out. They requested medical aid for the juvenile. A second message came in that medical personnel were on scene and to cancel the response. **Mission closed**
- **2022-LAW-78378, on 05/15/22 at 1700 hours:** IRECC advised of an InReach activation at the listed coordinates, 35.871670, - 118.547201. These coordinates return to the area by Tobias Creek in Tulare County. The emergency contact for the device said the RO was with her family on some property in Tulare County. Tulare County was notified of the incident and responding. IERCC recontacted and said one of the RO's juveniles became worried/frightened and turned on the device. There was no emergency or need for law enforcement. **Mission closed.**

Cal OES LAW ENFORCEMENT MISSIONS

Cal OES Law Enforcement Missions (continued)

- **2022-LAW-78331 on 05/14/22 at 1703 hours:** the IERCC advised of an InReach activation at the listed coordinates; Latitude: 37.784343 / Longitude: -119.264574. These coordinates return in Tuolumne County but inside the Yosemite National Park. The RO of the device said they were “Cliffed out” (stranded) in the area of the activation. The Park was notified of the activation and were evaluating a response. Due to the area of the activation, they determined it was going to be an extensive response for the park. At 2100 hours, the Park was in direct contact with the device, and they would send in teams in the am to assist the hikers. At 0715 hours (5-15) a park ranger was in the area of the activation and their air unit was in route to assist. **Update:** the subject was located and they were able to assist the hiker, no medical attention was needed. **Mission Closed.**
- **2022-LAW-78286, 05/10/2022, 1533 hours:** San Joaquin County Sheriff, on behalf of Stockton Police Department, requesting SHRD canines for a law enforcement sensitive investigation. CalOES Canine Coordinator coordinating request. Mission accepted, Dogs assigned, set for 05/18/2022. **Mission Ongoing**

Cal OES MISSION TASKINGS

Cal OES Missions

- **2021-TACCOM-061621 (OCFA Testing):** Sonim Kit HQ3 assigned to OCFA, to test Android phones with ATAK for fire season. ETA Return is 05/21/22. COMC monitoring. Contacted Assignee will advise on exact date of return for the resource.

Cal OES

GOVERNOR'S OFFICE
OF EMERGENCY SERVICES

Mission:

We protect lives and property, build capabilities, and support our communities for a resilient California.

We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.
